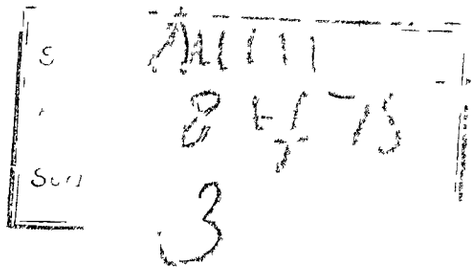
Letters Nos 1054 and 1104 dated 4th and 9th June 1879, respectively, from the Dy: Secy: to Govt: General submitting duly checked the Budget estimates of the Municipalities in the Mysore District except the District head quarter station of Mysore, for the year 1879/80



*Govt No 1664-69 dated 31st May 91 July 1879.

Order thereon. *.

The estimated Receipts and Expenditure of the several Municipalities are as noted below:

No	Names of Municipalities.	Estimated opening Balance	Receipts	Total	Estimated Expenditure	Closing Balance
1	Chamarajanagar	83	417	500	363	137
2	Yedatore	141	208	349	337	12

7	Maandya	359	705	1064	627	437
8	Melavalli	385	178	563	371	192
9	Bunsur	1973	497	2470	2468	2
10	Seringapatam	10,120	6872	16,992	11,686	5306
	Total	14,116	9,739	23,855	17,661	6194

The eight Minor Municipalities

2 With the exception of Bunsur and Seringapatam which will be hereafter noticed these Municipalities have but small Incomes, derived from Octroi on articles of food

food, tobacco and Cloth and from Bounds and other Miscellaneous items. No Horse Tax has yet been arranged for. Small as is the Income from Octroi a considerable portion of it is consumed in the charges for its collection. These should be dispensed with, the collections being made by the local revenue establishments, as directed in regard to the Walajah District Municipalities.

3 The Head Office charges which are distributed among the several Municipalities are also large. The details of these are not given. The Commr is requested to furnish the same at an early date, stating whether they could not be reduced to the amount sanctioned for other Districts, viz, a Single Clerk on Rs 15 per mensem.

4 The details of the Conservancy charges provided for in the several Municipalities are also not given. They should now be furnished.

5. The Nanjanguad Municipality contributes the usual

Nanjanguad.

one-

one-third share of the charges of the Dispensary established in that town. The cost of its conservancy is very high amounting to Rs 432. The total Expenditure viz Rs 1057 is far in excess of the annual Income which is only Rs 535 The Excess is met from the cash balance which is thereby reduced to only Rs 17 at the end of the year. This is not a suitable arrangement. The ordinary fixed charges should be revised and reduced so as to be met from the annual Receipts. The Receipts of this Municipality comprise Rs 150, the income from Ammoy. The minor municipalities ~~especially~~ may take into their consideration the possibility of providing Secular Sources of Income by planting fruit and fuel trees.

Hewsur

6. In Hewsur, a house tax is levied, and the Octroi is collected on a larger number of articles including animals for slaughter and building materials. The Income is thus comparatively large

large, amounting to Rs 84/1973.
The Expenditure is chiefly
on Conservancy for which
an establishment of 10
Sweepers, 3 carts and 1
pound is provided. The
number of carts may
perhaps admit of reduction.
The Municipality contributes
Rs 256 towards the Dispensary
Rs 96 are provided for
Lighting, for both of which
details are not given.
They should now be furnished.
The Octroi Collection and
Head Office charges which
are large should be
reduced as directed
in regard to the other
Municipalities.

7. The Seringapatam Municipality bears the cost of its Police, the Mohtarfa being made over to it in consideration of the same. The details of its estimated Income and Expenditure are shewn below

Seringapatam.

VII Miscellaneous	300-0-0		
Total	10120 " "		
Opening Balances	6872-5-1		
Total	16992-5-1		

8. The octroi collections which form the larger portion of the Receipts seem to be levied on an unnecessarily large number of articles. Such of them as do not constitute materially to the collections may with advantage be struck out of the list of the collection charges which amount to [illegible]

percent in the case
of Octroi, Seem un-
necessarily large. The
large number of low-
paid & necessarily
untrustworthy hands
employed on the work
may with advantage
be replaced by the
System of entrusting
the collections to the
Taluq & Village Establishments
as ordered for the other
Municipalities.

10 The necessity of reducing
the Head Office charges
which are distributed on
this and the other
Municipalities in the
District has already been
noticed.

11 Under the head of
Conservancy, an Establish-
ment of one Overseer, two
Duffedars and Seven
peons is employed to
Supervise twenty Sweepers
& four Scavengers. It certainly
admits of Reduction.

12 The Police Establishments
also appear to be large
hav-

having regard to the Income of the Municipality Their cost exceeds the Collections from Mohturfa which are intended to meet it.

13. The Straggling character of this Municipality which Comprises two towns viz, Seringapatam & Ganjam Situated at Some distance from Each other renders to Some Extent the Municipal Administration more costly. The charges however, under all the heads of Expenditure may, with advantage be revised.

14 The details for the amount of Rs 1012 entered under the head of Miscellaneous are not given. They apparently include Lighting and other charges which should have been Separately shown.

The 8 Minor Municipalities.

2. With the exception of Húnsúr and Seringapatam which will be hereafter noticed, these municipalities have but small incomes derived from octroi on articles of food, tobacco and cloth, and from pounds and other miscellaneous items No house tax has yet been arranged for. Small as is the income from octroi, a considerable portion of it is consumed in the charges for its collection. These should be dispensed with, the collections being made by the Local Revenue Establishments, as directed in regard to the Hassan District Municipalities.

3. The head office charges which are distributed among the several municipalities are also large. The details of these are not given. The Commissioner is requested to furnish the same at an early date, stating whether they could not be reduced to the amount sanctioned for other Districts, *viz.*, a single Clerk on Rs. 15 per mensem

4. The details of the conservancy charges provided for in the several municipalities are also not given. They should now be furnished.

Nanjangúd.

5. The Nanjangúd Municipality contributes the usual one-third share of the charges of the Dispensary established in that town The cost of its conservancy is very high amounting to Rs. 432. The total expenditure, *viz.*, Rs. 1,057, is far in excess of the annual income which is only Rs. 535. The excess is met from the cash balance which is thereby reduced to only Rs. 17 at the end of the year. This is not a suitable arrangement The ordinary fixed charges should be revised and reduced so as to be met from the annual receipts. The receipts of this municipality comprise Rs. 150, the income from Amroy. 8. The octroi collections which form the larger portion of the receipts seem to be levied on an unnecessarily large number of articles. Such of them as do not contribute materially to the collections may with advantage be struck out of the list.

9. The collection charges which amount to 20 per cent in the case of octroi, seem unnecessarily large. The large number of low-paid and necessarily untrustworthy hands employed on the work, may with advantage be replaced by the system of entrusting the collections to the Taluk and Village establishments ordered for the other municipalities.

10. The necessity of reducing the head office charges which are distributed on this and the other municipalities in the District has already been noticed.
